Apprenticeships combine practical training in a job with study.

As an apprentice, you'll work alongside experienced staff, gain job specific skills, earn a wage with holiday pay and get time for study related to your relative role.

Apprenticeships take between 1 and 5 years to complete depending on their level.

## APPRENTICESHIPS

Everything you need to know about UK apprenticeships

### Understanding apprenticeships

In essence, an apprenticeship is a job. You'll spend 80% of the working week at your place of employment, and 20% at your place of study.

You'll earn a salary, and your course fees will be covered by your employer and the government. You just need to be willing to manage your time between work and study.

There are many different apprenticeships you can apply for depending on your existing qualifications across a broad range of different industries.

Explore our apprenticeships guide to find out everything you need to know.

### Apprenticeships in England

There's a wide range of apprenticeships for over 1,500 job roles. Find out more about what's available, what to consider, as well as how to find and apply for vacancies.

### Apprenticeships in Scotland
